GFR—T&S Brass Product Information

Retractable Hose Reels

Model B-7122-C01

Heavy Duty Water Gun Option

- Heavy-duty stainless steel construction, designed for long life
- Adjustable stream from solid to soft spray
- Excellent for cleaning jobs
- Controls water supply easily and efficiently
- Automatic shut-off conserves water
- Rated up to 200 psi
- Blue rubber cover
- Also available with a rear trigger handle

Model MV-2522

T&S Hose Reel Features

- Anti-lock out is standard on all models
- Arm adjusts to eight different positions
- Open or enclosed design
- Two finishes - durable epoxy coated steel or stainless steel
- Brass swivel and stainless steel shaft for long life
- Blue hose and blue spray valve
- Nitrile seals on the swivel for long life
- Containerized spring makes replacement safer
- Roller guides to reduce hose wear
- Smooth, rolled edge on drums

T&S Hose Reel Advantages

- 1/2" hoses are an option for many models
- Higher gauge steel on base and arm for longer life
- Hoses are reinforced high tensile steel braid, wrapped around specially compounded rubber hose
- Slotted design on footprint means easier installation
- Includes inlet filter to catch debris before it clogs the spray valve

Service Sink Faucet
